To: those who've viewed the webinar and want to know where to go for more information on Soft Systems Methodology

The following are two good papers on the topic:

- "Application of Soft Systems Methodology to the Real World Process of Teaching and Learning" by Nandish V. Patel
- "Using an improved rich pictures approach to improve situational analysis in complex aid reconstruction development projects" by Derek Walker and Paul Steinfort

A book for more in-depth information is

- "Soft Systems Methodology in Action" by Peter Checkland and Jim Scholes and is available on Amazon at:
